*with*

**Mike Shelbo**

**BORO GLASS**

*Class size is limited!*

**Class: Torches, Color & Sculpting with a CC**

**Instructor: Mike Shelbo**

**Level: Intermediate to Advanced**

**Price: \$790 + \$50 Material Fee**

**Time: 10:00 am to 5:00 pm**

**Date: June 6th, 7th, 2016**

**Class Description:** We will cover the knowledge to fully understand using a Carlisle CC burner as your torch and gas combustion in a glassworking torch flame. Other torches will be covered briefly while we focus on the CC. A variety of borosilicate colors will be used to illustrate working properties in relation to the torch and different flame settings. Using that information we will learn how to sculpt colored borosilicate without encasement in both hollow and solid forms. Examples shown will include a goblin head and more...
